### Application Methods:

 Brush or cloth

Good preparation is key to a professional looking, long lasting finish:

- Sand where necessary to improve imperfections. Ensure the surface is clean, dry and free from all dirt, dust, grease and grime.
- Apply AQUASTAIN evenly with either a brush or a cloth, allow to dry.
- Finish with two coats of one of the recommended topcoats below.

*Note: Stirring the stain well before application is essential to ensure to correct colour and even application. If you are using more than one can, you should mix the can contents together before application to achieve consistent colour. Test the colour on a small section first to ensure it is what you expect.*

**Drying:** Touch Dry – 1 hour      Recoat – 2 hours

*In cooler or humid conditions drying times will be longer. Avoid exposure to steam and condensation for 48 hours after painting. Avoid washing the substrate for a week.*
